

Reference No: N/10/2023

Date: 28th February 2023

Notice

Subject: Selection of Men's and Women's National Teams

TAM management has decided to extend the opportunity to submit entries for the national team selections announced under our notice Ref: n/03/2023 dated 23rd January 2023, until **1500 hrs. of Wednesday, 1st March 2023**. This decision to extend the deadline was made due to some administrative difficulties in sharing the referred notice to some players and parents. We hope that this extension will give a fair and equal opportunity to all players who missed out on submitting their entries before the previous deadline, to submit fresh entries and compete in the annual national team selection matches.

With the decision to extend the deadline, the selection matches will now commence on **Saturday, 4th March 2023 and draw for the selection will be held on Thursday, 2nd March 2023.**

The format of the selection draw will be decided by the Technical Committee after the new entry deadline. The draw format and other rules pertaining to the national team selection will be decided based on the total number of entries received and will be published prior to the commencement of the selection.

Thank you
